Foreword

We the Senior Class of 1965 have worked diligently to prepare this memory record to insure you happy memories of your 64-65 school year. We have spent many hard and

happy hours on this "Echoes '65" to make it a success. We sincerely hope you will treasure it in your later years.

School Song

We're dreaming dreams; we're scheming schemes;

We're building castles high.

Our high school dear so far and near

Will win praise up to the sky.

We want to share in her glory;

So we repeat the old story...

CHORUS

Here's to dear old Moncure High School.

We shall love her till we die.

She's right on top; she'll never stop;

We'll fight for her until we drop.

She's our alma mater; she is staunch and true.

We'll be true to her forever

Moncure High School here's to you.

Alma Walden Hackney

Dedication . . .

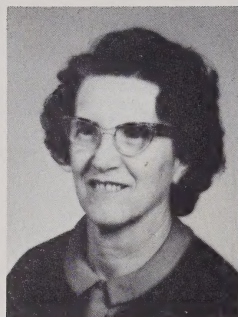

We, the "Echoes" staff of '65, proudly dedicate this seventeenth edition of the "ECHOES '65" to Mrs. Katherine Upchurch. For her understanding to the students and loyalty to the school, we feel that she is truly worthy of the honor.

Senior Class History

The year was 1952, when we, the Senior Class of 1965 entered Miss Esther Seawell's first grade to find out what school and knowledge was all about. After eight years of reading, writing, and arithmetic, and a great deal of fun and laughter, we felt that we knew all there was to know.

It's indeed hard to realize that the graduation class of 1965 was once a group of sixteen freshmen when we entered the ninth grade under the supervision of Mrs. George Phillips. Finally we were freshmen and oh so grown up.

Our Sophomore year with Mr. C. L. Eaddy, we felt so superior to the freshmen that we felt that perhaps we had not been so grown up before. We had the privilege of learning one fact that was not in any book: you do not chew gum in the school building.

In our Junior year, we learned that raising money was not an easy task. Planning the Junior-Senior Banquet represented hard work combined with a great deal of pleasure. After two or three weeks of hard work on the Junior-Senior Banquet, it was all over. The joy of its success presented to each of us a deep self-satisfaction which increased when we received our class rings.

Now we are involved in the big year, our Senior year, our class of twelve, is under the supervision of Mr. Bob Pittard. After ordering calling cards, invitations, and diplomas we happily anticipate the close of school and graduation with great-yet with few tears intermingled.

These are just a few of the thoughts that will remain with us after we leave our dear alma mater. We wish to sincerely thank our parents, our teachers, and our friends, who have guided and helped us to reach the end of twelve very successful years.

- I, Donnie Wood, do hereby leave my long blond hair to Mike Cooper.

Class Prophecy

Georgia Palmer seemed to like football players so well in high school, that she is now coaching football for P.H.S. during the time that she isn't teaching electronics at East Carolina.

Frances Miller is a mechanic at the Ford Place in Pittsboro. Her boyfriend tore up so many Fords that she decided it would be cheaper to fix them herself.

Marietta Moore, who liked to swim so much during the summer of '64, has just won a medal for the U. S. at the Olympics held in Bynum this year.

Leon Tilley is head of the Treasury Department of the United States. He got his experience from being class treasurer for two years.

Phil Bray recently became a brick truck driver for Cherokee Brick. Between caring for his new little son and driving the brick truck he is kept quite busy.

Donnie Wood is the first bachelor from Moncure to become President of the U. S. I wonder who'll be hostess for the White House?

Tommy Stone did so well working in pulpwood one summer that he is now the owner of Moncure Pulpwood Company.

Linwood Dupree liked to argue so much in school that he has recently opened a law office in Moncure, specializing in criminal cases.

Ola Brown played basketball so well that she is now the girls' coach at Moncure; that is, the time she's not keeping the house spick and span for Russell.

Larry Ellis found so much enjoyment in driving Fords, he is now President of Ford Motor Co. They're bringing out a new sports model, I hear, the ELLIS.

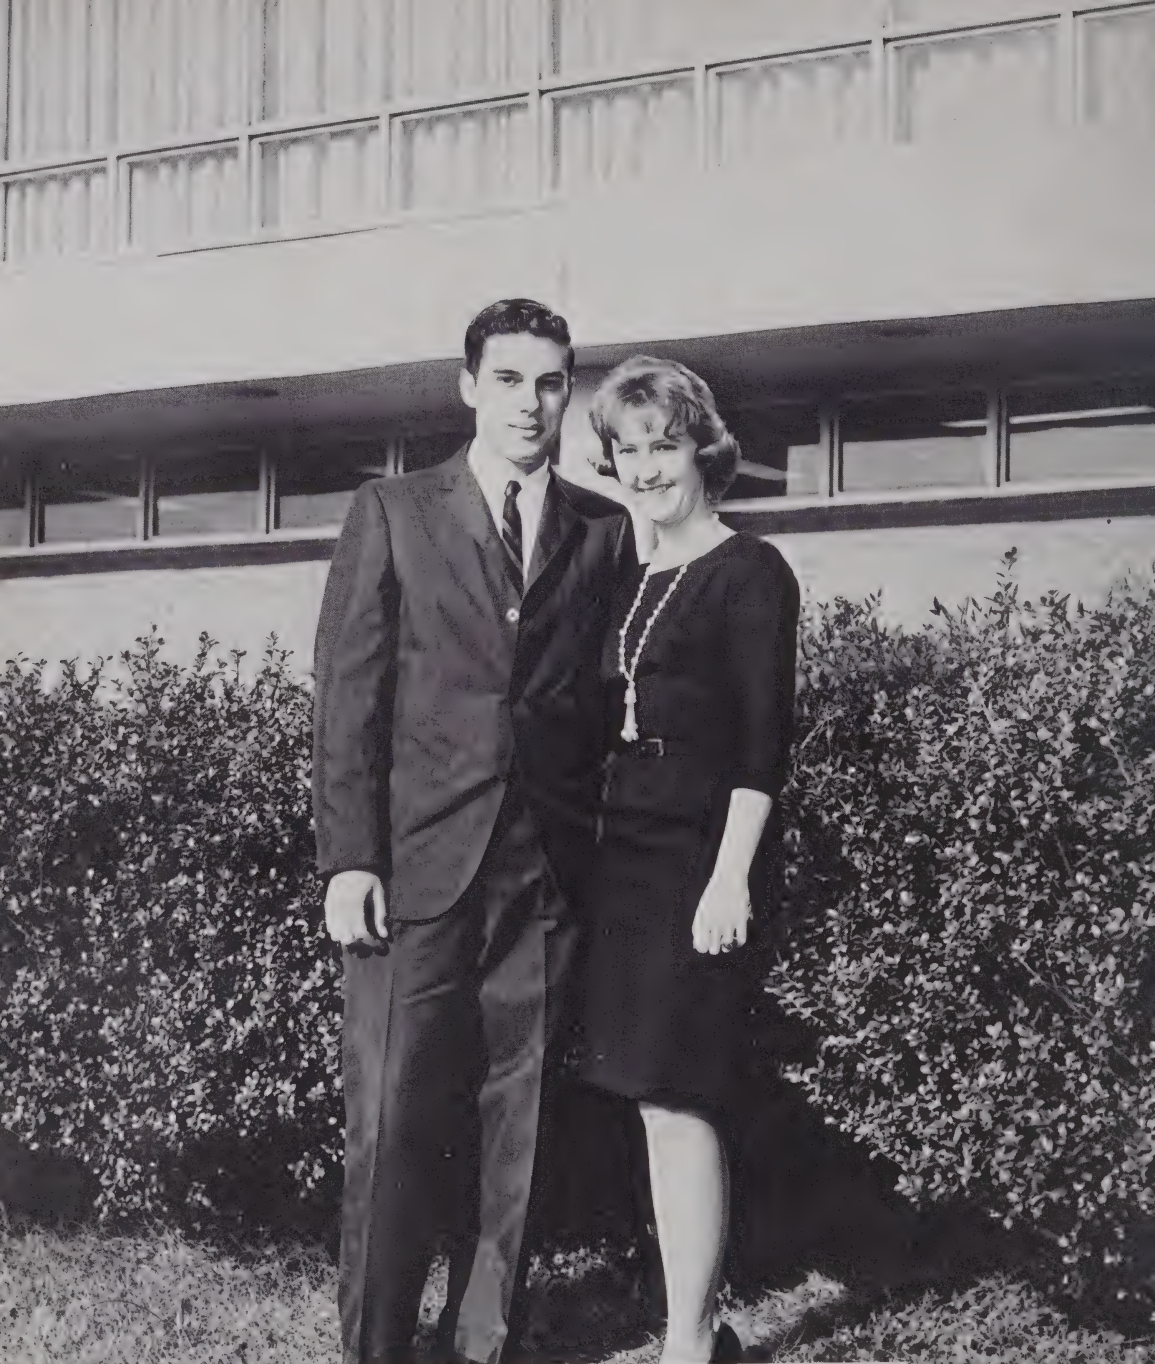

Gary Glosson and Elaine Holt are now tending a small farm on the Pea Ridge Road. How many children did you say they had? Was it eight or ten?

Class Poem

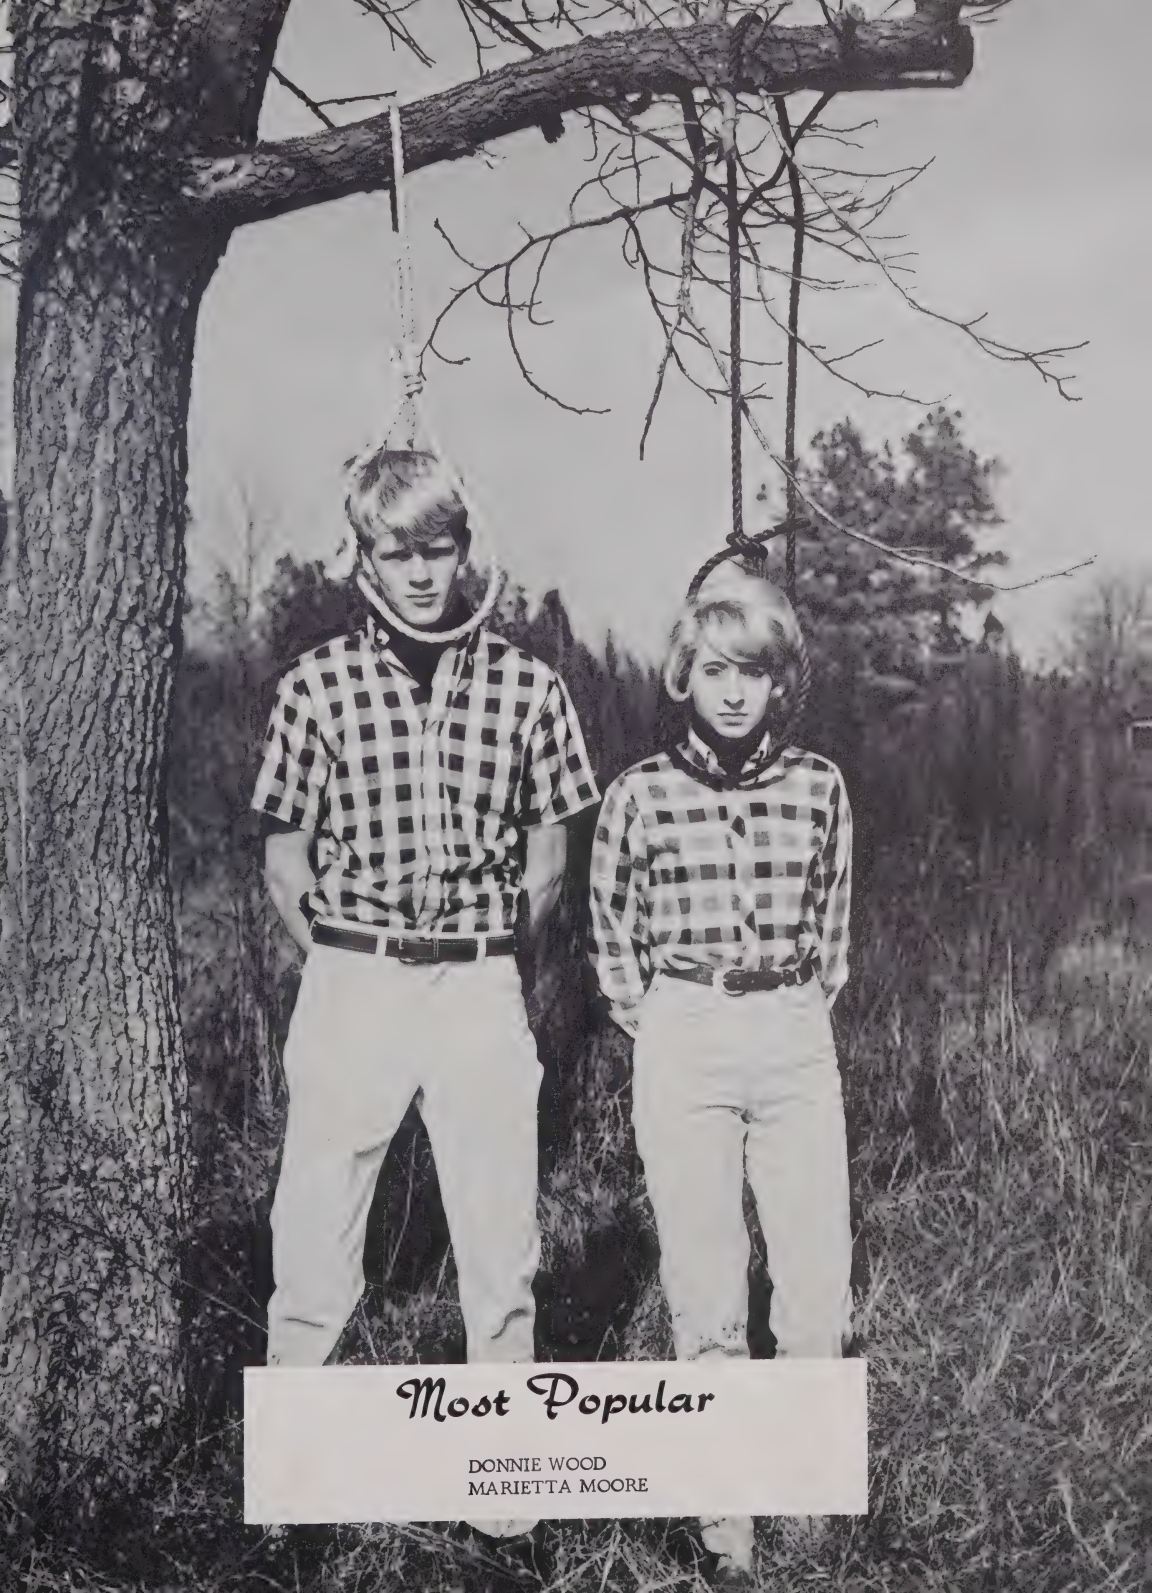

We, the class of 1965,
A little word want to leave:
We have been a happy class of twelve
But now it is time to grieve;
For we must leave these hallowed halls,
These cherished fields of play,
To seek new pursuits in the world
To carry us on our way.
But our dear thoughts will always turn
To friends at M. H. S.,
To all the carefree days we knew
When we were dreaming of success.
So when you think of by-gone classes,
Please never get too busy
To think of us, though we are gone—
The happy class of 1965!
